ASHMIRA BOTANICA SPA RITUALS

Our Ashmira Botanica Spa Rituals are based on the Chinese Ancient methodology of the 5 Element theory to create wellbeing and a healthy balance between mind, body and spirit. Good health is known to require harmony between each of the Five Elements: Earth, Metal, Wood, Fire and Water.

When one of those elements is out of balance it can effect the way you look and feel.

Using your own personal biorhythm our therapists will determine which elemental products are best for your treatment and then use the purest natural ingredients to soothe away your anxiety and leave you feeling more energised, rejuvenated and alive.
